

FARREL FAMILY

Marriage Mission

We, Bill and Pam Farrel, have a desire to fulfill the Great Commission through using our skills in professional ministry, with a focus of using the communication gifts God has given us. We are committed to personal discipleship as a lifestyle. We want our home to be an oasis where those who enter can see Christ at work in our marriage and family and where they can find hope. We, the Farrels, are committed to fun and friendships. We value people more than things. We prefer memories over material goods. We are committed to raise our children in such a way as they have the opportunity to know the benefits of personally knowing Jesus and walking with Him. We are committed to helping them discover their talents and equipping them to help fulfill the Great Commission and to have fun and a fulfilling life while doing so.
