The Beautiful Life

We have always encouraged people to build a life worthy of inviting someone into. When you build your own life to be TOB or beautiful, you will attract others who also want life and love to be “Tob” or beautiful. Quality attracts quality. Healthy attracts healthy. In each area of your life, mark with a star how “Tob” (how beautiful, healthy, right, good) you think you are in this area. No one will be a perfect 10. Notice the last question is to rate how honest you have been in your answers. In relationships, honesty is very “Tob.”

- ✓ Emotional- Are you stable psychologically and socially? Do people, especially leaders and peers, see you as a stable, loving, caring and well-adjusted person?
